WHITE \on/ BLACK

t r e m u l u s

A piece that explores the underwater seascapes and sealife of the Galapagos Islands. A sealife that is simultaneously timid and welcoming.

First drawer/tray houses a unique sea fan that can be seen through the glass window on the outer case. This sea fan is unique to each book in the edition. Second drawer/tray includes a series of 12 polymer photogravure prints taken with an underwater camera in various locations in the Galapagos Islands. Prints are titanium white ink printed on black Rives BFK paper. These trays are identically sized and can be swapped out to display either the prints or the sea fan through the front window.

12pt 20th C. Medium type printed in black used in titling as well as flourishes printed in metallic silver. Coral and light grey bookcloth used throughout.

Edition of 10 +1 AP. \$2500
