

ARTIST BOOKS

FRUIT
(ING)

An exploration of the fruiting bodies—mushrooms—of fungi and mycelium networks.. This artist book utilizes macrophotography, copper plate etching, and letterpress.

Internal element is a Dos-à-Dos structure that includes 5 tri-fold folios; one folio for each 5 species of mushroom. Each folio includes: a copper plate etching based around the diverse array of mycelial networks; macrophotography photograph; and scientific name on the cover of each folio. Folios printed on Rives BFK paper.

The outer case has a list of all species featured in the folios as well as a threaded graphical representation of roots. This is unique to each book in the edition.

Also included is a small glass vial with a piece of dried mushroom meant to engage the sense of smell.

Letterpress printed using 24pt Blado Italic and 24pt Cloister. Cialux Taupe and Middle Gray bookcloth used on outercase and internal.

Edition of 20 +1 AP. \$1850
