

ARTIST BOOKS

WINGED {LY} &
NEIGHBOR {LY}

This project started as an exploration of backyard bird photography motivated by the pandemic. A chance to visit with some new neighbors at a time when all of us were so cut off.

The project encompasses 12 5x5" diamond-shaped Polymer Photogravure prints on 12" round Khadi paper. Each print is hand colored with watercolor and colored pencils. Each print is also letterpress printed with Engravers 18pt titling. This corresponds with the listing of the bird's common name and scientific name in the interior tray case. The prints are notched on the bottom in order to align inside the case. The outside cover has a unique 1/12 inset photogravure.

Diamond patterning used throughout outer casing. Duo Bookcloth and Iris Bookcloth used on outer casing.

48pt Cheltenham Bold Condensed, 18pt Engravers, and 12pt Cochin Regular/Italic typeface used throughout.

Edition of 12: \$2750.
